

Venture Forward: Game Changing through Innovation

As the world emerges from the shadows of the pandemic into a new dawn of opportunity, funders and founders are aspiring new breakthroughs from the lingering global market uncertainties, economic and geopolitical issues. They all look up to unlimited potential of Web3, AI and emerging technologies to break through challenges, turning setbacks into springboards. How do they endure for a brighter future?

Hong Kong has become a hub for global innovation, with a vibrant ecosystem of technology startups and an ideal launchpad for ventures targeting the vast potential of Greater China and beyond. What does Hong Kong need to do to continue its rise as Asia's leading venture city?

Join the leading venture capitalists, innovators, and thinkers at CVCF to explore the next horizon of inno-venture with fresh visions.
